## Academy Council Register of Interests Sept 2019

---

The Academy Council must ensure that all Governors and staff are not involved in activities that might conflict with their role within school. It is especially important to demonstrate that individuals do not benefit personally from the decisions made by the Governors, unless such decisions are made openly and legitimately. As such the register of interests must be available on the Academy website.

This should be updated each year and reviewed during the year. It is incumbent upon all governors to make the Academy aware of any changes in the year.
